ADMISSIONS REQUIREMENTS

Enrollment, instructional and graduation policies of this school do not discriminate on the basis of sex, age, race, color, religion or ethnic origin. We do not recruit students already attending or enrolled at another school offering a similar program of study. The school reserves the right to refuse admission to any person who shows an inability or unwillingness to successfully complete the program and gain employment in the field of cosmetology.

Prospective students may enroll for classes up to the week prior to the start date of that class.

Requirements:

- Interview with the school and receive a school tour.
- Complete an Enrollment Application.
- Provide a valid high school diploma, high school transcripts showing a graduation date, GED certificate, or have a state-issued credential for secondary school completion if home schooled. Diplomas in a language other than English must be translated into English and certified by a qualified company that the diploma is equivalent to a United States high school education.
- Provide a photo ID with proof of age (a valid driver's license, state issued ID, passport, etc)
- Set up payment arrangements through financial aid, a monthly payment plan, or a combination of both.
- Notify the school of the planned program, schedule and enrollment date.

Students meeting the above requirements will be accepted into the school's Trial Enrollment Period for their chosen program, schedule and enrollment date. The trial enrollment period does not apply to transfer students for any program. Students will then schedule a time to sign their Enrollment Agreement and pay the \$100.00 non-refundable application fee. A student must then successfully complete the Trial Enrollment Period and be accepted by the school as a regular student. See page 3 of this catalog for information on the Trial Enrollment Period.

TRIAL ENROLLMENT PERIOD

All students (except for transfer students) in all programs begin with a trial period of enrollment. This is to ensure that all students enrolling in our school have an opportunity to experience what their training will be like, and if it will be manageable with their jobs and/or family obligations. In the trial period students will review the school's policies, finalize financial aid, meet staff members and current students, engage in classroom activities, and interact with clients on the clinic floor. The trial period will also show NBC staff members that the prospective students demonstrate the ability to successfully complete their training and gain employment in the cosmetology field. Staff members will be looking for good attendance, participation in class activities, a positive and enthusiastic attitude toward the school and the training offered, and the ability to follow all the school's rules of conduct.

The trial period is two weeks regardless of program or schedule.

On the last day of the trial enrollment period the students will make their decision whether or not they wish to continue with their program. If a student does not wish to continue with the training he/she will have no further financial obligation, and the school will retain the \$100.00 non-refundable application fee. If the student chooses to continue with his/her program the contract will be finalized at this time.

Also, at this time the NBC staff will make a decision based on the above criteria as to whether the student will be a good candidate for our training program, and each prospective student's performance will be discussed individually with them on that day. If it is then determined the student is to remain in the program he/she will be considered a regular student.

No student will be eligible for financial aid until he/she is a regular student. Should a student choose to withdraw from school after becoming a regular student he/she will follow the withdrawal procedure covered in the school's catalog and on the student's enrollment agreement.

TRANSFER STUDENTS

This school does not admit any student who has attended more than one other Cosmetology school, regardless if the student is transferring hours or not. Students who have attended another cosmetology school and wish to transfer hours must meet all the admissions requirements stated on page 2 as well as the following:

- Complete a Request for Transfer of Clock Hours form with our admissions representative. ***The school cannot enroll any transfer student until the official breakdown of hours has been received from the Ohio State Board of Cosmetology.***
- Submit a breakdown of theory and practical grades, by subject, from the previous school, or pay a \$150.00 Transfer Evaluation Fee for theory and practical evaluations to be completed prior to enrollment.
- This school reserves the right to refuse acceptance of any hours of a transferring student. We do not enroll any transfer students for less than 300 hours for the cosmetology program, and 100 hours for the esthetics or advanced manicurist program.
- Transfer hours accepted are counted as both attempted and completed and are applied to your total hours upon completion of the program.

RE-ENROLLMENT

Students may re-enroll at the sole discretion of the school. Any student who wishes to re-enroll must complete the following:

- Complete an updated Enrollment Application.
- The student must have been making payments toward any balance owed to the school.
- Set up payment arrangements through financial aid, a monthly payment plan or a combination of both.

A student who has been accepted for re-enrollment will be notified of when he/she may start and the charges for completing the program. A \$100.00 non-refundable application fee will be due prior to starting class.

CLASS SCHEDULES

FULL DAY SCHEDULE - 37.50 HOURS PER WEEK

Level 1: Monday through Friday, 9:30 am - 5:30 pm. Lunch break: 1:30 pm - 2:00 pm.

Level 2: Monday through Saturday - flexible hours totaling 37.50 per week

PART DAY SCHEDULE - 20 HOURS PER WEEK

Level 1: Monday through Friday, 9:30 am - 1:30 pm.

Level 2: Monday through Saturday - flexible hours totaling 20 per week

EVENING SCHEDULE - 20 HOURS PER WEEK

Level 2: Monday through Saturday - flexible hours totaling 20 per week

Level 2 students are not required to take a lunch break, however, any time the student is unavailable to perform services in the student salon or attend class, he/she must be clocked out. Students are allowed occasional breaks of a few minutes, but must remain in the building or be visible at the outside break area.

Ohio State Board regulations require that students be actively engaged in school-related activities while on the clock. Level 2 students who do not have a client or are not in class must be actively engaged by working on another student, manikin head, study guide or other written work, reading textbook or industry magazines, watching cosmetology related videos, etc. or the student will be clocked out.

REQUIRED SATURDAY HOURS

All students must attend a minimum of the following Saturday hours during their training and prior to graduation. These Saturday hours are included in your contracted hours. Required Saturday hours begin accumulating at Level 2. Transfer students will be required to complete Saturday hours equal to 10% of their contracted hours, not to exceed the minimum hours required for the program.

Cosmetology	100.00	Hrs
Esthetician	45.00	Hrs
Advanced Manicurist	30.00	Hrs

ATTENDANCE, ABSENCES AND TARDINESS

A student who is unable to perform ALL services for his/her contracted program will not be allowed to attend school. (Please refer to the Enrollment Guide for Leave of Absence policy.)

An attendance report will be given monthly to notify students of cumulative hours, attendance percentage and Saturday hour attendance. Cumulative attendance percentage must be at least 85% to complete by your maximum time frame. All absences are considered unexcused. If you fail to complete the course by the maximum time frame date (figured when your scheduled hours reach 117% of your contracted hours), your training will be terminated. To complete your program, you may apply for re-enrollment (see terms of re-enrollment on page 4).

Students will only receive hours they have attended, not hours scheduled. Hours are earned in ¼ hour increments. Students who are tardy to theory classes may be required to wait until a break to enter class.

MAKE UP WORK

It is the responsibility of the student to complete any work missed because of absences. Since much of your training is hands-on through demonstrations and practical applications it may not be possible to make up missed work. Any assignments not made up will be marked as a 0% and may affect your overall grade. All required classes must be passed with at least a 75% in both theory and practical. Required classes may have to be re-taken if a passing grade is not achieved. All missed tests/quizzes must be taken the day the student returns to school.

GRADING SYSTEM

The following factors will be measured to determine academic progress in all programs:

1. Theory - test scores, written assignments and projects
2. Practical - hands-on demonstration of skills, techniques and procedures

The following grading scale is used for all programs:

95% - 100%	A	4	Excellent
85% - 94%	B	3	Above Average
75% - 84%	C	2	Satisfactory
Below 75%	D	1	Unsatisfactory

Please refer to the school's Satisfactory Academic Progress Policy for all grading policies and procedures and evaluation schedules.

TUITION TERMS AND PAYMENTS

Financial aid is available for the Cosmetology and Esthetics programs, to those who qualify. The school participates in the Federal Pell Grant and Direct Loans programs. To apply for financial aid, you must complete your FAFSA online at www.fafsa.gov. You must include our school code - 011744. Students whose financial aid does not cover the entire cost of their program, and students who do not apply for financial aid will be placed on a monthly payment plan. Monthly payments are due by the last business day of each month. All contracted costs must be paid by the completion of your program. No hours/transcripts will be released if there is a debt owed to the school.

STUDENT COUNSELING

Students can make an appointment with any staff member for a private conference to discuss problems that might affect their schooling or future employment. These consultations will be on a one-on-one basis if needed or requested. Staff can help with referrals to agencies that may be able to assist the students with specific problems.

STUDENTS WITH DISABILITIES

The school does not maintain special facilities directly related to students with disabilities. However, reasonable accommodations will be made by the school for individuals who request accommodations in writing. The school has the right to determine whether an accommodation is reasonable. The school also has the right to request medical documentation for the accommodation. Students who have a learning disability and will require accommodations for the written portion of their state board exam must have an Individualized Education Plan (IEP) indicating the necessity of the accommodation.

INTERNSHIP PROGRAM

The internship program allows students, under the supervision of licensed professionals, to assist with services on clients in participating licensed salons.

To participate in the internship program, students must have and maintain a minimum of 90% cumulative attendance, have completed at least 1050 hours Cosmetology, 420 hours Esthetics, 150 hours Advanced Manicurist and must be meeting all the requirements for Satisfactory Academic Progress as of their most recent evaluation. Students may earn a maximum of the following hours by interning: Cosmetology - 150, Esthetics - 60, Advanced Manicurist - 30. Students may intern on Saturdays once the required Saturday hours for the school have been met.

LOCKERS

Lockers are the property of National Beauty College. The lockers and the contents of all lockers are subject to random search at all times without regard to whether there is a suspicion that contents contain evidence of violation of a criminal statute and/or any company/school policies, rules or regulations.

GRADUATION REQUIREMENTS

These requirements apply to all programs in the school:

1. Complete the contracted clock hours.
2. Complete the required Saturday hours for the contracted program.
3. Pass all required classes (minimum of 75%) for the contracted program.

If the student has attended the contracted clock hours but has not met the other graduation requirements, he/she will have to complete additional hours in order to graduate. A diploma will be issued when a student applies for his/her state board test.

EMPLOYMENT ASSISTANCE

Employment is based on the graduate's personality, attendance, punctuality, technical skills and professional appearance, as well as current demand in the field; therefore, employment cannot be guaranteed. There is no charge for any employment assistance we offer to the students. Employment services include the following:

- Visits from salon representatives to speak to the students.
- Job Placement Coordinators on staff to monitor graduate's employment and assist students who are nearing graduation.
- A job opportunity display board updated monthly and available for all students and graduates to view at any time.
- Internship program that students may qualify to participate in.
- Classes on job search skills including ethics, resume writing and interviewing skills.

EVACUATION PLAN

Diagrams are posted in each area and classroom of the school which will guide you to safety in the case of emergencies. Familiarize yourself with doors, exits and severe weather evacuation areas.

In the event an evacuation is necessary, remain calm, quiet and assembled and proceed to the nearest exit. To allow access to emergency personal and account for students, staff and customers, a centralized meeting place has been established the rear (east) parking lot of the building. Severe weather conditions may result in the need to take shelter. Shelter areas are located on the west side of the bottom level of the building.

DAILY CLEAN-UP

Clean-up assignments may be given daily and must be completed prior to clocking out.

VACCINATION POLICY

This school does not have a requirement for student vaccinations.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the US Department of Education.

FERPA gives parents/guardians of a dependent minor certain rights with respect to their children's education records. These rights transfer to the student when they reach the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents/guardians of a dependent minor or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as area distance, it is impossible for parents/guardians of dependent minors or eligible students to review the records. The school will charge a fee of .25 for each page of copies made.
- Parents/guardians of a dependent minor or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent/guardian of a dependent minor or eligible student has the right to a formal hearing. After the hearing, and the school still decides not to amend the record, the parent/guardian of a dependent minor or eligible student has the right to place statement with the record setting forth their view about the contesting information.
- Generally, schools must have written permission from the parent/guardian of a dependent minor or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions:
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies;
 - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, 'directory' information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, the school must tell parents/guardians of a dependent minor and eligible students about directory information and allow parents/guardians of a dependent minor and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents/guardians of a dependent minor and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a bulletin, student handbook, or newspaper article) is left to the discretion of the school.

Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. Students must pass all required subject with a minimum of 75% in both the theory and practical grades. Students must make up failed or missed tests and incomplete assignments. The following grading scale is used for all programs:

95% - 100%	A	Excellent
85% - 94%	B	Above Average
75% - 84%	C	Satisfactory
74% and below	D	Unsatisfactory

1. The student must register the complaint on a Student Grievance Form.
2. The Student Grievance Form will be given to the school Administrator.
3. The complaint will be reviewed by management and a response will be discussed orally with the student within 7 days of receiving the complaint. The initial response may not provide the final resolution of the problem but will notify the student of continued investigation and/or actions being taken regarding the complaint.
4. Depending on the extent and nature of the complaint, interviews with appropriate staff and other students may be necessary to reach a final resolution of the complaint.
5. In the case of extreme conflict, an informal hearing may be necessary. REFUND POLICY - NOTICE OF CANCELLATION

For applicants who cancel enrollment or students who withdraw from enrollment, a fair and equitable settlement will apply. The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure.

Any monies due the applicant or students shall be refunded within 45 days of the date of determination of withdrawal either by official cancellation or withdrawal whether official or unofficial. Unofficial withdrawals shall occur when a student has not contacted the school within 14 calendar days from the last date of attendance, for students receiving Title IV assistance, or when a student has been absent for 30 calendar days and is not on an approved leave of absence. Official cancellation or withdrawal shall occur on the earlier of the dates that:

1. An applicant is not accepted by the school. The applicant is entitled to a refund of all monies paid.
2. A student (or legal guardian) cancels his/her enrollment in writing within three business days of signing the enrollment agreement. In this case all monies collected by the school shall be refunded, minus the \$100.00 non-refundable application fee, regardless of whether or not the student has actually started classes.
3. A student cancels his/her enrollment after three business days of signing, but prior to starting classes. In this case, he/she shall be entitled to a refund of all monies paid to the school less the \$100.00 non-refundable application fee.
4. A student notifies the institution of his/her withdrawal.
5. A student on an approved leave of absence notifies the school that he or she will not be returning. The date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the institution that the student will not be returning.
6. A student does not continue past the Trial Enrollment Period. In this case, student is entitled to a refund of all money paid to the school less the \$100.00 non-refundable application fee.
7. A student is terminated by the school.

In situations 2-5 above, the cancellation date will be determined by the postmark on written notification, or the date said information is delivered to the school in person.

Refund calculations are based on the scheduled hours between the day classes begin and the student's last date of attendance. Mitigating circumstances may be considered when performing the refund calculation.

All fees will be listed on the contract and can be found on page 5 in the catalog. **The student supplies are non-refundable and the student is liable for the costs of these items upon receiving them.**

REFUND POLICY CONTINUED

If a course is canceled subsequent to a student's enrollment, and before instruction in the course has begun, the school shall, at its option, provide a full refund of all monies paid; or provide completion of the course.

If the school cancels a course and/or program and ceases to offer instruction after students have enrolled and instruction has begun, the school shall at its option, provide a pro-rata refund for all students transferring to another school based on the hours accepted by the receiving school, or provide completion of the course and/or program, or participate in a Teach-Out Agreement, or provide a full refund of all monies paid.

If the school closes permanently and ceases to offer instruction after a student has enrolled and instruction has begun, the school shall, at its option, provide a pro-rata refund, or, participate in a Teach-Out Agreement.

For students receiving Title IV funds, a separate refund calculation will be completed which will determine if Title IV funds must be returned. Any returned funds will be figured in the student's refund calculation.

Tuition charges are divided into payment periods. Once a student has completed the hours in a payment period, 100% of the tuition charges for that period are owed. The following are the payment periods by program.

	Payment Period 1	Payment Period 2	Payment Period 3
Cosmetology -	0-500.00 Hours	500.25-1000.00 Hours	1000.25-1500.00 Hours
Esthetics -	0-300.00 Hours	300.25-600.00 Hours	
Advanced Mani -	0-200.00 Hours	200.25-430.00 Hours	

The following Tuition Adjustment Schedule will be used in the refund calculation to determine the amount of tuition owed for the payment period at the time of withdrawal/termination. Students who withdraw after being accepted as regular students (attend after the Trial Enrollment Period) will be charged tuition for the entire period of attendance, including hours scheduled during the Trial Enrollment Period.

Tuition Adjustment Schedule

Percentage of scheduled hours to total hours in the payment period =	Amount of tuition by payment period owed to the school =
0.01% to 4.9%	20%
5% to 9.9%	30%
10% to 14.9%	40%
15% to 24.9%	45%
25% to 49.9%	70%
50% and over	100%

A refund calculation will be completed and a copy sent to the student within 14 days of the date the school determines that the student's training is terminated.

SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY

This policy applies to all students enrolled in any program at this school and is provided prior to enrollment. All students are required to maintain satisfactory academic progress throughout their training to be in compliance with institutional policy. Those students receiving Title IV funds are required to maintain satisfactory academic progress throughout their training to remain eligible for HEA, Title IV federal student financial assistance. Satisfactory academic progress is measured in both quantitative terms (attendance), as well as qualitative terms (academics/grades). Students must meet the school's attendance standard and the academic standard on a cumulative basis (start date to evaluation point) to maintain eligibility for federal student financial assistance funds. This school operates on a clock-hour basis with continual enrollment throughout the year, therefore there are not separate fall, winter, spring or summer terms.

ATTENDANCE STANDARD

Students must attend at least 85% of the hours they are scheduled to attend based on the student's enrollment agreement. A student's attendance pace is determined by the following formula:

$$\frac{\text{Cumulative clock hours of actual attendance as of the evaluation point}}{\text{Cumulative clock hours of scheduled attendance as of the evaluation point}}$$

For example, a student who is enrolled for 37.5 clock hours per week for 16 weeks would have a cumulative scheduled attendance of 600 clock hours. If the student attended 510 of the 600 scheduled hours, his/her attendance pace would be 85.0% (510/600) and would be meeting the attendance requirement of this policy.

ACADEMIC STANDARD

All theory, practical, and lab/clinic assignments will be graded using the following scale:

95% - 100%	A	4	Excellent
85% - 94%	B	3	Above Average
75% - 84%	C	2	Satisfactory
Below 75%	D	1	Unsatisfactory

Students must maintain an academic average of at least 75% or GPA of 2.0 or higher on a cumulative basis as of the evaluation point to meet the academic standards of this policy and be considered as making satisfactory academic progress. GPA is calculated by averaging the corresponding point value of all subject areas.

REVIEW AND EVALUATION PERIODS

Students are considered to be making satisfactory academic progress during their initial evaluation period. Student progress will be reviewed by the institution on a monthly basis to identify students who may be at risk regarding satisfactory academic progress. At risk students will be counseled and advised regarding efforts to improve progress. Formal satisfactory academic progress evaluations, which determine continuing eligibility for federal student aid, will be performed at the end of each financial aid payment period. Evaluations will be mailed to the student within 14 days of the student completing the required hours. Students who meet the attendance and academic standards described herein will be considered to be making satisfactory academic progress until the next scheduled evaluation. Any student who does not achieve the minimum standards is no longer eligible for HEA, Title IV federal student financial assistance. At this time, the student will have to make payments to remain in school. Students are not permitted to appeal a financial aid suspension.

Evaluations will be performed according to the following schedule:

	Hours Completed		
Cosmetology	500	1000	1500
Esthetics	300	600	
Advanced Manicurist	200	430	

REINSTATEMENT OF FEDERAL FINANCIAL AID

Federal student financial aid is suspended when a student is considered as not making satisfactory academic progress. Aid will be reinstated when the student improves his/her attendance or academics to a level such that minimum standards have been met. If the student begins a payment period not making satisfactory academic progress, but reverses that designation before the end of that payment period, the student will be eligible for federal aid for that payment period.

WITHDRAWALS AND RE-ENROLLMENT

Students do not enroll in separate courses and therefore cannot withdraw from separate courses. If a student withdraws from a program of study and re-enrolls in the same program within 180 calendar days of withdrawal, the student is treated as returning to the same payment period that was in place when the student withdrew and must complete any clock hours for which the student previously received federal funding before being eligible for additional funding. A student who re-enrolls in a program after more than 180 calendar days have elapsed since withdrawal may be eligible for federal aid for the remaining hours the student must complete. All students who are re-enrolling are reinstated under the same SAP status as they had prior to their departure.

ENROLLMENT IN A SECOND PROGRAM

If a student enrolls in a second program and does not transfer any hours from a previous program both quantitative (attendance) and qualitative (academic) standards will be calculated from the beginning of the second program. If a student enrolls in a second program and transfers hours from a previously enrolled program, the hours transferred count as both attempted and completed for quantitative (attendance) standard calculations. All grades received from the classes which are being used for transfer hours will be calculated in the qualitative (academic) standard for the second program.

COURSE INCOMPLETES , REPETITIONS AND NON-CREDIT REMEDIAL COURSES

The institution does not offer grades of "incomplete", course repetitions, or non-credit remedial courses. Therefore, the school has no policies regarding these, and they have no impact on SAP.

MAXIMUM TIME FRAME

The normal time frames and maximum time frames required for program completion are listed below in scheduled hours. Students who maintain satisfactory academic progress in attendance will complete the program during the allowable maximum time frame. Any periods where a student does not receive Title IV aid will count toward the student's maximum time frame.

	Normal Time Frame	Maximum Time Frame
	100% of contracted hrs	117% of contracted hrs
Cosmetology - Full Day	40 weeks - 1500 hours	47 weeks - 1755 hours
Cosmetology - Part Day/Evening	75 weeks - 1500 hours	88 weeks - 1755 hours
Esthetics - Part Day/Evening	30 weeks - 600 hours	35 weeks - 702 hours
Advanced Manicurist - Part Day	22 weeks - 430 hours	25 weeks - 503 hours

TRANSFER STUDENTS

Transfer hours from another institution or from another program at this institution that are accepted toward the student's program are counted as both attempted and completed hours for the purpose of determining the maximum time frame period. SAP evaluation periods are based on actual contracted hours at this institution. If the number of hours to be completed is greater than 1000, the student will be evaluated at 500 hours, 1000 hours, and upon completion of the remainder of hours. If the number of hours to be completed is less than 1000, the student will be evaluated at the midpoint, and upon completion of his/her hours. Grades for classes which apply to the new program will be used in the Academic calculation for SAP.

LEAVE OF ABSENCE (LOA)

A leave of absence is a temporary interruption in a student's program of study, and refers to a specific time period during a program when a student is not in attendance. If the student has a medical condition which will require an absence from school for a minimum of 14 calendar days, the student may request a LOA.

A request for a LOA must be submitted in advance, in writing, with documentation, unless unforeseen circumstances prevent the student from doing so. If a student needs time off school for personal reasons other than medical, the Administrative staff will review the LOA request and determine whether or not a LOA will be granted.

The student must reasonably expect to return from the LOA. If the student does not return by the expiration of an approved LOA, the student will be terminated, with the withdrawal date being the student's last day of attendance. This could affect the student's grace period if the student has received federal student loans. The student's contract period and maximum time frame will be extended by the same number of days taken in the LOA. The LOA together with any additional leaves of absence must not exceed a total of 180 days in any 12 month period.

A student who is granted a LOA is not considered to have withdrawn and no refund calculation is required at that time. The institution may not assess the student any additional charges as a result of a LOA. Financial aid will not be disbursed during a LOA, and any pending disbursements will be extended by the length of the LOA.

CONSUMER INFORMATION ADDENDUM FOR 2017-2018

SEXUAL OFFENSE POLICY

Definition of Sexual Assault

Sexual assault, including rape, occurs when a person is forced or coerced physically, verbally or by deception into any type of sexual conduct with another person whether the assailant is a friend, acquaintance or stranger. Sexual offenses, as defined in the Ohio Revised Code Chapter 2907 include rape, sexual battery, gross sexual imposition and felonious sexual penetration.

Sexual Assault Prevention

Sexual assault classes, including prevention, will be presented by the Domestic Violence Project, Inc. on at least an annual basis. Information on registered sex offenders can be located online at www.nsopw.gov.

What to do if a sex offense occurs

The victim should find a safe place and seek medical treatment. To preserve evidence of the assault the victim should avoid showering, bathing, changing clothes, washing hands, going to the toilet or brushing teeth. If clothes are changed, place each item of clothing in a separate paper bag. Avoid disturbing anything in the area where the assault occurred. File a report and seek support and counseling. Victim's are encouraged to file a report with the local police department, and the staff at the school will assist with this procedure should the victim request assistance.

To file a complaint of sexual misconduct against another individual within the school, you must submit your complaint in writing to the school's Director. Your written complaint must contain detailed information on the date, time, incident, persons involved, witnesses and any other information you feel would be pertinent. If the victim requests changes in his/her academic situation, the school will accommodate these requests if reasonable. If an arrest is made, the accused will be placed on an administrative leave of absence until charges are dropped or a conviction occurs. Conviction of the accused will result in immediate termination.

The Ohio Revised Code requires the reporting to local police of all felony crimes, which includes most cases of sexual assault.

Crime and Emergency Response and Reporting

Students who observe or are involved in any type of crime or emergency situation which takes place at National Beauty College including the building, parking lot or area surrounding the building should notify a staff member immediately. If the victim wants the matter to be kept confidential and does not want to file charges, the school will abide by the victim's wishes as long as the situation does not affect the safety of other students and staff.

Staff members who observe or are involved in or who receive report of any type of crime or emergency situation which takes place at National Beauty College including the building, parking lot or area surrounding the building should notify the school's Director or other administrative staff member. If the Director or other administrative staff is not available, use professional judgment to determine if the situation warrants calling 911. The Director should be notified of any crime occurrence as soon as possible.

The school's Director will review each crime on a case by case basis with other administrative staff and local or state law enforcement (if applicable) to determine if it is necessary to issue a warning notice of the crime to the students and staff. If it is decided that a warning is required, this warning will be issued by the Director in person to the staff and students. A message will also be sent to students and staff through the time clock system. The Director will also determine if the crime falls under the reporting requirements for the Campus Crime Report.

When a significant emergency or dangerous situation occurs on campus, the situation will be assessed by the school's Director or other administrative staff and a determination will be made whether students, staff and clients will be evacuated or directed to protected areas of the building. If the police or fire department are needed, 911 will be called.

In the event that the school should need to delay or cancel classes due to an emergency or inclement weather, students and staff should check the sources noted below for official notifications. Notifications indicating "closed" will represent the cancellation of both day and evening classes, unless otherwise specified in the notification, i.e., day classes cancelled.

Cancellation notifications will be posted via:

National Beauty College does not maintain a procedure for allowing victims or witnesses of a crime to report the crime on a voluntary, confidential basis. Major offenses such as rape, aggravated assault, robbery, and auto theft are reported to the local police who are deployed to solve and prosecute for these serious felony crimes.

Evacuation Plan

Diagrams are posted in each area and classroom of the school which will guide you to safety in the case of emergencies. Familiarize yourself with doors, exits and severe weather shelter areas. If you have a client, please make sure he/she is assisted to a safe area.

In the event an evacuation is necessary, remain calm, quiet and assembled and proceed to the nearest exit. To allow access to emergency personal and account for students, staff and customers, a centralized meeting place has been established the rear (east) parking lot of the building. Severe weather conditions may result in the need to take shelter. Shelter areas are located on the west side of the bottom level of the building.

Testing of emergency response and evacuation procedures, either announced or unannounced, will be performed at least annually and documented.

School Access and Security Awareness

Students should use the side entrance to enter and exit the school. This entrance requires a code to access the school. This code is changed periodically and should not be given to anyone. There is video and audio surveillance throughout the school and in the student/staff parking area. These cameras are there for the safety of students, staff and clients. All personal items should be kept locked in your locker. The school is not responsible for any lost or stolen property. A power point presentation on the prevention of crimes will be given during the first week of classes.

Dissemination of Information

The annual security report will be made available by October 1st each year and will be given to current students and staff via mail files/boxes, and reviewed in class. Information about major crimes or any type of activity that may threaten safety or security of property which happen during the year will also be made available using the students and staff via mail files/boxes. The school will keep a record of criminal violations in the Administration Offices, which may be viewed by anyone upon request.
